

# Gym

## **Description:**

Our gymnasium area is slightly smaller than a regulation basketball court. It makes a great space for team sports, recreation leagues, and would make a great place for a company sponsored noon-hour gym space.

The space is also a great area for a large party, a vernisage, bazaars, conferences, lectures or for larger workshops. Tables, benches and chairs can be brought into gym, but for larger functions these need to be rented at your expense.

The use of sound equipment must be discussed with the director, and is subject to municipal bylaws regarding noise, as we are in a residential neighborhood.

## **Equipment Available:**

Hockey nets, some hockey sticks, basketballs, volleyball nets, badminton nets. Other equipment may be available, but keep in mind that it is not professional equipment, and tends to be well used, and poorly maintained. It is always recommended to inquire about what is available before you rent. It is also recommended that you bring your own equipment to ensure maximum enjoyment, especially if you prefer higher grade sports equipment.

When renting, keep in mind that there are no guarantees on the availability of equipment. We do not offer storage space, and anything left or forgotten in the gym storage room is fair game to all.

## **Uses:**

Soccer, basketball, floor hockey, ballet, martial arts, playgroups, large parties, dance, badminton, volleyball, conferences, bazaars, etc.

## **Dimensions:**
